

SASKSONO17

SaskTel Theatre, Royal University Hospital, USASK
Masters of Ceremony: Jessica Littmann, Preston O'Brian, Dr. Paul Olszynski

Opening Plenary: Why We Should Teach Even Experienced Clinicians New Tricks

Irene Ma, MD, PhD, FRCPC, FACP, RDMS

Associate Professor

Division of General Internal Medicine

Cumming School of Medicine, University of Calgary

Panel: Breaking the Sound Barrier - Communicating Clinical Ultrasound Findings to Colleagues

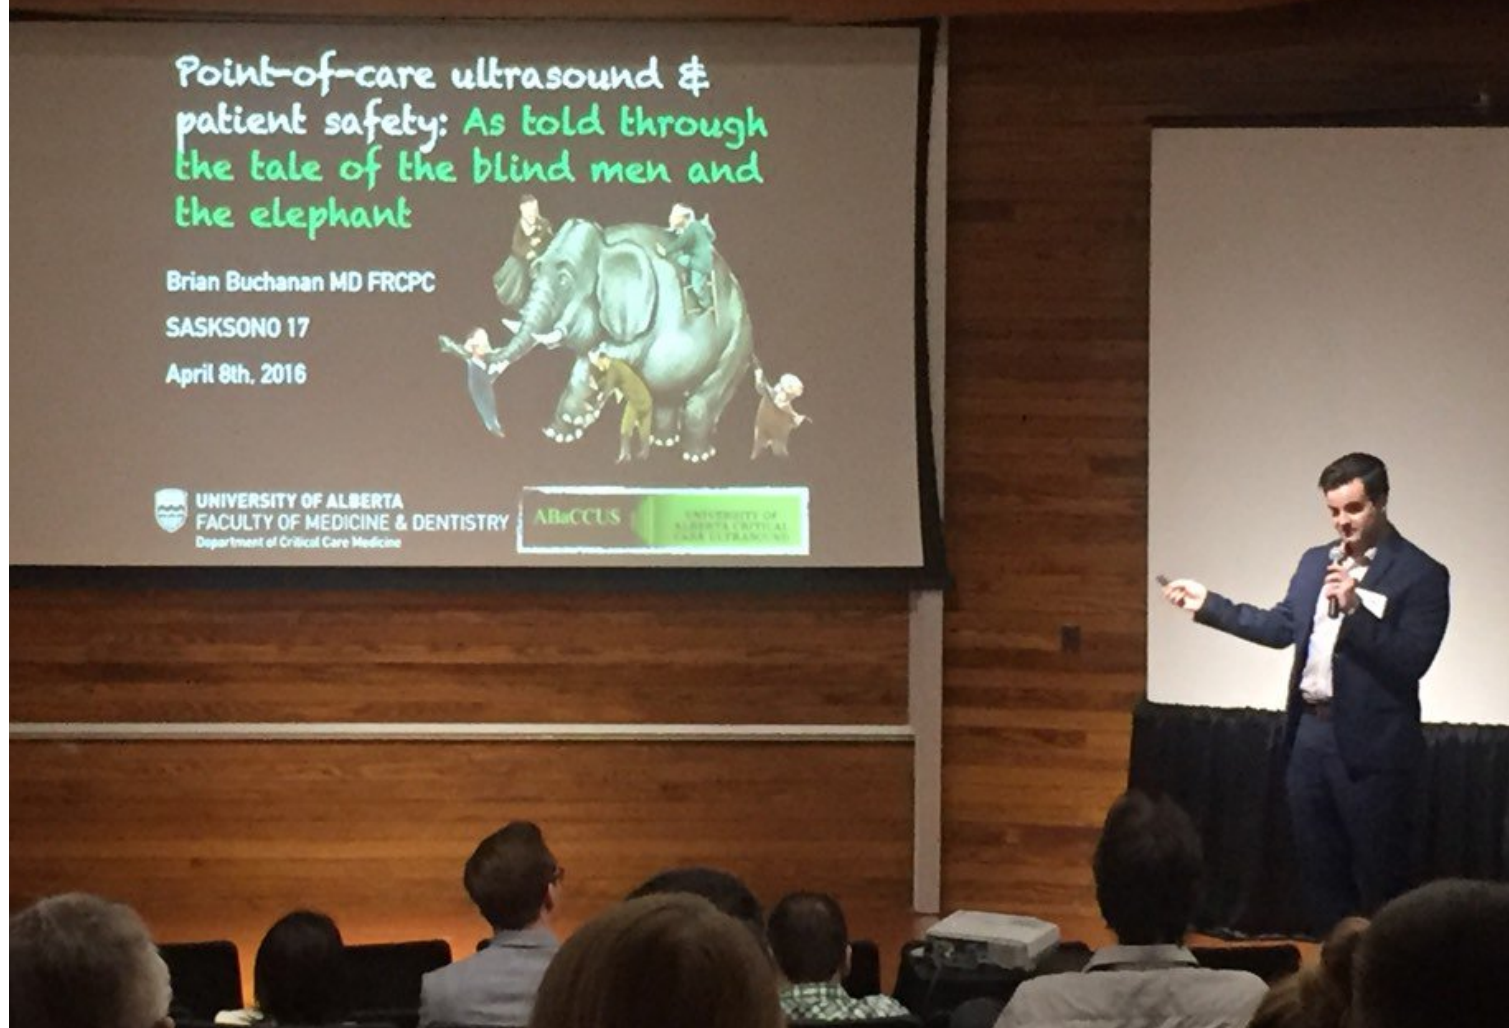

Left to Right: Drs. Irene Ma (IM) Brian Buchanan (IM, CC) Dan Joo (EM),
Kish Lyster (Hospitalist) ,Dr. Paul Olszynski (EM)

Skanapalouza (supervised scanning session) - Dr. Nicholas Bouchard (USASK EM) introduces students and clinicians to focused cardiac ultrasound.

Panel: Challenges and Opportunities for Clinical Ultrasound Training at USASK and beyond!
Left to Right: Drs. Jeremy Katulka (PGY3 IM) and Zafrina Poonja (PGY3 EM) share their experience

Point of Care Ultrasound & Patient Safety

Brian Buchanan B.Sc (hon) MD FRCPC (IM, CCM)

Critical Care Medicine, Internal Medicine & Critical Care Ultrasound

Clinical Lecturer & Scholar

University of Alberta

Department of Critical Care Medicine

Discussion

- Even without visible contamination, blood is frequently present on the ultrasound, both in routine use and, more often, post trauma.
- The current cleaning method is effective, but inadequately used.
- While all parts of the ultrasound should be cleaned, the keyboard is often forgotten. The curvilinear probe is also frequently residually contaminated.

Rapid Oral Abstracts: Dr. Zafrina Poonja presents on her study of transducer contamination
